

AMHERST PARKS & PLAYGROUNDS COMMITTEE

The AP&PC has one vacancy for a volunteer resident, and is searching for a person who is interested in taking the lead in developing a program to identify and control invasive species for the Town's Parks & Recreational Areas, and for the Town as a whole.

It is Town policy to request a Letter expressing interest with a resume or curricula vitae attached to the Town Council Liaison to the Committee.

This web page provides the basic information on the Committee, and further questions can be addressed to the Committee Vice Chairman via the Town Council Liaison.
